NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.
Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensly valuable. The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

THURSDAY, OCTOBER 13, 1870.

DEATH OF GENERAL ROBERT E. LEE.

The telegraph announces the death, yesterday morning, in Lexington, Va., of Gen. Robert E. Lee, the Christian hero, patriot and sage.

In making such an announcement words are too weak to express the emotions of the heart, language entirely fails its purpose and silence becomes the fittest demonstration of a nation's grief.

His tigraphy is written in the history of his times, his epitaph on the hearts of his countrymen. We but echo the sentiment of all when we say, a great man has fallen—great as a man, as a warrior, as a sage, and as a christian, beloved by all in his native Sonny South and respected by even the bitterest of those he opposed in our late civil contest.

Many, many hearts will heave with sorrow, and many eyes be dimmed with tears on the announcement that Robert E. Lee is dead.

OUR RAILROADS.

Good management, by which we mean, close attention to their interests, skill and energy in their conduct, economy and a wise discretion in expenditure and a proper effort to render them acceptable and necessary to the public, are essential to the success of our Railroads. Successful Railroading is acquired by experience and an open eye to constant improvement. But Railroads after all, cannot hope to be prosperous unless they are laid properly, through populous regions or where the development of business and commence, furnish travel and freight.

Some of our Roads were badly projected and built at too heavy a cost; hence, few of them have, in common parlance, made money. Yet they have promoted progress in agriculture, mechanics, mining and manufacturing and have improved commerce. The State has received little direct benefit or return to her treasury, for the amounts expended on Railroads, yet the value of property has been increased and business accelerated, by which she has been largely benefitted.

The fact that neither private Stockholders nor the State have received much direct benefit from them in the way of dividends, has made some people restless, fault-finding and ready to sell or change the ownership without looking to future consequences.—One of the most dangerous monopolies in this country to the government and the people, is the Railroad corporations of the Union. Some of them are very wealthy and possessed of great power and are constantly grasping for more. They are on the alert to increase that power, by buying or leasing other lines, forming important and widely extended connections. Some of them exert a strong influence over Congress, and the heavy expenditures of the States upon Railroads, shows that State legislation, is very much under their influence. Their grasping power should be watched and checked. In this State, owing to the unwise legislation of the past two years, several of our Roads are in imminent danger of being transferred to other hands, who are not in sympathy with our people or State, and who might use them greatly to our damage. Let our wise men look to this matter.

THE PUBLIC TAXES.

Several of the Sheriffs of the State we learn, have refused to settle their taxes with the Public Treasurer, for the reason that he stoutly refuses to make any credit as directed by the General Assembly of each county's proportion of the "special tax," ordered to be refunded to the counties. An additional reason for their refusal to settle is, that he refuses to pay the legitimate county charges for boarding, guarding and delivering convicts according to law. Some of these charges have been allowed by the Auditor, and the Governor has signed the warrants for their payment, and yet the Public Treasurer refuses to pay or to allow them in settlement with the Sheriffs.

Under the circumstances we regard the course of the Public Treasurer as censurable. If he is acting under the advice of counsel, he is blamable for not advertising the Sheriffs in advance, of the course he intended to take in the settlement. He was made aware at an early day, that the Sheriffs and the people expected a deduction for each county *pro rata*, of the amount of "special tax" in the Treasury at the time the law was passed, and he knew further that the Sheriffs would expect the usual claims of the counties for legitimate charges to be allowed in their settlement. His *silence* upon these subjects was a tacit admission that these claims would be settled according to law, as usual; and to drag the Sheriffs from home with such an expectation, at a time when to borrow money is impossible, without advising them of his purpose, is a gross dereliction of duty and a hardship upon the people and the Sheriffs, which they will not be slow to resent.

It is unfortunate, that the Sheriffs had not convened here in a body on the 1st of Oct. and resolved to act in concert, and refused to have settled with the Public Treasurer until some early day after the assembling of the General Assembly. There should have been concert of action among them, but their action should have been wise and such as the facts would have sustained.

PITY THE SORROWS OF A POOR OLD PILGRIM.

Pilgrim Ashley complains in the *Standard* as follows:

"THE CONSERVATIVE PARTY BARS OUT LABOR AND CAPITAL.

This is the reason why we do not have immigrants and money. This is the reason why we send hickory logs to Baltimore to import them again as wagon spokes. This is the reason why we send cotton to Massachusetts spindles to bring it back as cloth. This is the reason why we sell corn at fifty cents a bushel, and buy it back as starch at twenty five cents a pound. * * *

No man can come from the North to this State and maintain his manliness without exposing himself to insult. * * *

But let him take any responsible, public position, and he is a carpet bagger and a Yankee Sneak, a "wretch" and must "be got rid of." Hundreds of enterprising young men, and hundreds of thousands of dollars of capital have been in this way driven out of the State already." * * * *

The Conservative system, "is not the system which enables Prussia to put a musket in the hands of every private soldier, in the assurance that he will know how to use it." * * * * *

and the Prussian turns sorrowfully from North Carolina where a good school system is novel and offensive to the party in power. * * * *

The Conservative party keeps out immigration by casting contempt upon labor. * * * This is the spirit of Conservatism. It avows it where it dare, and acts it everywhere. * * *

We say that the tone of the Conservative papers, the organization of the Ku Klux Klan, the opposition to our public school system, the dishonor of labor, the refusal of equal rights, together with persistent and unchristian social ostracism, have kept out of the State both capital and labor, to the crippling of the finances of the State and the discouragement of all good citizens.—We say that this policy has defrauded the public treasury of a sum not far from five millions dollars annually, a sum that in six years would have paid the entire State debt. * * * * * *

We aver that a carpet bagger, even in the sense of a transitory and needy adventurer, if a citizen of the United States, comes to North Carolina by no man's sufferance, but of right."

The foregoing has been compiled from an editorial of Tuesday's *Standard*. We have given the drift of the article in his own words. We ascribe the article to the pen of Pilgrim Ashley, for on the street he is said to be the editor.

Pilgrim is an ungrateful man. Northern men and strangers were never so honored by any people before, as they have been in North Carolina. Pilgrim as Superintendent of Public Instruction, receives twenty four hundred dollars, his son receives fifteen hundred dollars as his Clerk, and his daughter receives nine hundred dollars as instructor at the Deaf and Dumb Asylum, as we learn.

Natives of the State were made to vacate their places for Pilgrim and his family. His brother-in-law fills a chair in the University with a salary of two thousand dollars. As to the unchristian, social ostracism of which he complains, there is no truth in it. Pilgrim is on pleasant social footing with all the families which hold the highest positions in the State, except the Judges of the Supreme Court. His ostracism from that quarter is accounted for, when we remember the fierce quarrel he had with that branch of the government for a room in the Capitol. The Governor, the Treasurer, the Superintendent of Public Works, the Secretary of State, the State Auditor, the keeper of the Capitol, the Sheriff of the County and the Clerk of the County, three fourths of the members of the State legislature and all the Judges, save and excepting Judge Mitchell, and the Supreme Judiciary, can testify, that they are and have been on terms of social equality with Pilgrim and his carpet bag allies, who have plundered the State. Nor is this all. The colored people are on terms of social equality with the complaining Pilgrim, as well as the President and faculty of the University.

But enough for the present of Pilgrim's complainings. They are ill founded, and he has been trusted and honored beyond his deserts.

PRESIDENT GRANT.

The course of the President recently, has disappointed a good many well-meaning people, who, having no confidence in the party which elected him, still confided much in his integrity and freedom from a low partizan bias. His conduct in giving direct "aid and comfort" to Holden in the late August elections, by sending troops into this State, with the motive of bringing the government in direct antagonism with the freedom of elections, opened many eyes and exploded all the confidence before reposed in him.

His interference since in the political affairs of Missouri and Georgia, and his late purpose to send troops into Alabama, where the people do not want them, to control the election, discloses his wanton disregard of the responsibilities of his high position and his unfitness for it. It appears that his agents are active in New York also, engaged in the same work. If the people of those States should give him as well merited a rebuke as the people of North Carolina did, it may teach him a lesson which he ought to be made to learn. In no way can he so effectually destroy the confidence and respect of the people, as by such interference.

GOV. GRAHAM'S LETTER.

The following letter from Gov. Graham was received too late to be read at the recent barbecue at Windsor. We received it from the Chairman of the Committee by last mail, with a request that it be published:

HILLSBORO, N. C., Oct. 1, 1870.

GENTLEMEN: I have had the honor to receive your kind invitation to a public dinner of the Conservative party of Bertie, at Windsor, on the 4th inst., in honor of the recent victory achieved in the late election, and regret, that business engagements deny me the pleasure of attending.

I beg you however, and those you represent, to be assured of my cordial good wishes and sincere congratulations on the event which brings you together. The grand result of the election, attended as it was by the calm and spontaneous determination of the people, not only without any undue means to sway them in that direction, but in the face of patronage and power, and the appliance of a military force, actually distributed and stationed at the precincts in sundry counties; and after arresting and holding in prison many of our most respected and influential men, to drive them to the contrary, affords abundant cause for rejoicing and thanksgiving by all good and patriotic citizens. It demonstrates, that the people are fully alive to the magnitude of the interests involved in the contest, and that the power to control the government is again in the hands of those, who expect permanently to live under it, to pay its costs, and to feel, in their persons and interests, the consequences of good or evil counsels and policy. It is thus, that it revives hope in the breasts of those who may have been doubtful or despondent; and induces them to thank God and take courage to rebuild their waste places, and make lasting homes in their native land. It opens up for the future a new vista. Faith must be kept with the Federal government, by a full observance of the rights and a proper care of the interests of the colored race; (which no one among us would now disturb if he could,) but all else in our system of internal government and police, is in the hands of the people of the State. It is for them that this government exists; by them it is paid for and maintained, and it should conform to their interests, wants and tastes. It is manifest that much of the existing system is of foreign importation and not the offspring of the deliberate judgment of the people. These parts were copied from the institutions of States differently circumstanced as to wealth, density of population, and the habits and industrial pursuits of the inhabitants. They do not suit us, and will require careful revision. There is nothing in this task at all calculated to induce any collision with Congress, the members of which would be as far from interfering in our domestic and municipal affairs, as they would be jealous of our interference with theirs; save only, as they are affected by the recent amendments of the Constitution of the United States.—Nothing should be done rashly, or in a spirit of factious hostility. But we need a cheaper system, one more responsible, and less novel and strange to the people.

At best our path is beset with difficulties. In the paucity of our resources, the wild legislation and maladministration of the last two years have done as much to damage our finances and public credit, as was done by the war. But the downward tendency in this respect, it is to be hoped, has been arrested by the changes to be effected by the election, and we may look again, for the prudence, integrity, and economy of former times. I trust also, that we have arrived at the dawn at least, of a day of better feeling, between the people of the late hostile sections of our common country; and that the people of the North will see in the exercise of power by the Conservative people of the State, only a faithful observance of the obligations imposed by a common Constitution, and that all predictions to the contrary have been the offspring of misrepresentation and injustice.

Believe me gentlemen,
With great respect,
Your obedient servant,
W. A. GRAHAM.

Messrs. Jos. B. Cherry, P. H. Winston, &c., &c., &c., Committee.

HENDERSON FAIR.

HENDERSON, N. C., Oct. 11, 1870.

EDITOR SENTINEL: Notwithstanding the rainy morning, I learn from the Secretaries of the Society, that more articles have now been entered than was last Fair. A great many fine horses are now being paraded around the track,—among them Mr. Paxon's celebrated trotter, Oliver Twist from Va. G. W. Wynne has also a lot of fine horses, among them the celebrated trotting mare of Mr. Haywood of your city. Mr. P. R Davis, the President of the Society, has a fine stable of blooded horses, including Belcher's fine stallion, the one which took the prize on Narraganett Course last Spring.

The sun is now out and the enlivening strains of the Band render everything brilliantly charming. Tremendous crowds are now passing into the village. Hotel accommodations are ample for all who may attend.

I have just visited the Floral Hall, and Messrs. Plummer, Young & Co., of Petersburg, have a magnificent assortment of Hardware and Cutlery on exhibition. Mr. A. Wynn of Norfolk, has some beautiful Buggies, Harness, single and double, Saddles, Bridles, &c., &c.

Large lots of farming implements are now being hauled from the depot to the Fair Ground.

AFFAIRS IN ROBESON.—The excitement in Robeson still continues. The whole county is, as it were, under arms, and yet nothing of great importance has been accomplished. The desperadoes still hold their own in Long Branch and some of them are occasionally seen. The Sheriff's posse are out day and night and yet the robbers still maintain themselves in their fastness. The only result has been the capture and lodgment in jail at Lumberton of a young man named McLaughlin, whohas been implicated with the gang. On the other hand, the citizens of Moss Neck have been compelled to flee their homes and many of them have gone to Lumberton.

Stephen Davis, the young man who was so badly injured on last Tuesday, in the attack made then on the gang, died yesterday morning at Shoe Heel, at 9 o'clock. The others who were wounded, are fast recovering.

It is evident that the present state of affairs cannot continue much longer.—Either the gang must be killed or captured, or else the citizens of Robeson county must hereafter live in increased fear of the loss of their lives and destruction of their property. If the Sheriff's posse are unable to capture the gang, then the United States authorities should be appealed to for troops. As there is no election to be controlled now, it is vain to expect assistance from the State Executive, but the strong arm of the Federal authority could, and would, put down these outlaws, if the proper authority were applied to.—*Wilmington Journal.*

CONCAVE CRYSTAL — CONVEX LENSES

THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses Manufactured by the

PHILADELPHIA OPTICAL INSTITUTE,

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal Glasses are the following:

The Lenses are ground of the best materia pure and hard, and made only for optical purposes, they are therefore not liable to get scratched or dim.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eyes.

They are ground mathematically true in the concave convex mirror, according to the philosophy of nature, and shape of corner of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glasses without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles we have appointed an agent for this neighborhood, as stated below, who has received all needful instructions, and will, in all difficult cases, have the assistance and consultation of a practical Optician from the Institute here

TOWNSHIP MEETING.—We are requested to state, that there will be a meeting of the Conservative citizens of this Township, at the Court House, in this city, on Thursday evening next, at 7½ o'clock, for the purpose of appointing delegates to represent this Township in the Conservative County Convention which assembles in this city on Saturday the 15th inst. It is hoped that all Conservatives, good and true, will attend.

NEW ADS.—J. P. Gully & Bro., offers a fine stock of goods, just opened.

The regular meeting of the Mechanics' Building and Loan Association is on Friday night.

D. C. Murray has an experienced foreman and will do custom work all right.

Harton and Broughton have now in store an excellent assortment of Family Groceries.

Leach Bros. have a large stock on hand, and invite customers. Low prices rule the house.

The Hillsboro Tannery is ready to fill orders. See advertisement.

MAYOR'S COURT, Wednesday, Oct. 12th.—Only one case came before His Honor this morning, viz: David Powers, arrested by Policeman Dunstan, for being drunk in the store of Douglas Bell; fined $2.

OYSTERS ARE RIPE!—Dr. Blacknall of the Yarboro House, regaled his guests last night with fine, fat, luscious oysters, brought up from Suffolk on ice. We have never tasted better, (thanks to the Dr. for the bucket) If there be anything good, anything savory, anything invigorating, it is good, fat oysters, such as those were above alluded to.

City housekeepers will read the notice of Mr. Litchford, the Secretary of the State Agricultural Society.

See notice of Mechanics' Building and Loan Association meeting on Friday night.

MRS. OETTINGER'S MILLINERY STORE.—We omitted yesterday to call attention to Mrs. Oettinger's new advertisement of millinery goods. She has been for a long time engaged in the business in Raleigh, is a lady of great taste and is fully posted as to the wants of her many customers. We have never heard of her failing to give satisfaction, nor any complaint from an intelligent customer of the prices of her goods. Her stock, to which additions are constantly being made, is rich and large this season, and we notice that her salesrooms are generally crowded with lady customers when the weather permits them to be out.

IMPROVEMENTS.—The dwelling of Major Seaton Gales just beyond St. Mary's School, will soon be ready for occupancy. It will be a very desirable residence. There is also a nice dwelling house going up on Hillsboro' street, adjoining the lot of R. H. Page, Esq. Also, a dwelling on the corner of Hargett and Dawson streets, which will soon be completed, for Rev. J. B. Bobbitt, who has also fitted up a neat printing office on the same lot for the *Episcopal Methodist*.

TICKETS.—The sale of tickets to Tucker Hall to witness Forrest's rendition of some of Shakespeare's most popular characters during Fair week, has already opened. We suppose that few will omit this opportunity of witnessing the performances of the first histrionic artist of this country, in several of the most popular tragedies that has ever been put upon the stage. Tickets for any night of the week, can be procured at the Bookstore of Mr. Alfred Williams, either on personal or written application; and we advise those wishing to attend, to provide themselves with tickets in advance as there will doubtless be crowded houses every night.

CITIZENS' CORNET BAND.—The gentlemen composing this organization have met with such encouragement from the citizens, as to warrant them in ordering a new and elegant set of brass instruments, drums and a pair of cymbals. These instruments are now in the Express office, in this city, and the Band must rely in part upon the liberality of the citizens of Raleigh, to enable them to take out their Instruments and commence practicing at once. We hope the citizens will respond liberally to the appeals of the Band for aid.

CAROLINA COUNCIL.—We are requested to give notice that there will be a called meeting of Carolina Council, Friends of Temperance, at the Oak City Council Hall, this (Thursday) evening at 7½ o'clock.

SLOAT AND ADDINGTON.—These are capital machinists, and Sloat's Sewing Machine is a great instrument. A friend bought a Sloat's Machine in bad order and almost worthless. He sent it to Messrs Sloat and Addington, Richmond, Va. and in a week it was returned in complete order, at a very moderate charge. Try them.

"SPALDING'S GLUE," will just suit you.

GLITTERING TEETH.—Not only does SOZODONT impart the *whiteness* of the purest porcelain to the teeth, but its *polish*, too. They glisten after being brushed with it, like the inner surface of an ocean shell, and the effect of this peerless dentrifice is to render the enamel as hard, and indestructible as adamant.

SUPERIOR COURT.—This tribunal has been engaged since Tuesday, in the trial of George Dollar, a colored boy some fourteen or fifteen years of age, on a charge of rape upon a white child five years old. The indictment contains two counts, first for rape, second, with assault with intent to commit a rape.

Tuesday was consumed in getting a jury, which consists of seven white and five colored members, and in the examination of witnesses.

On yesterday the case was argued by Solicitor Cox and Pab. Busbee, Esq., for the prosecution, and by Messrs. R. H. Battle, Jr., and C. M. Busbee for the defense.—Judge Watts delivered his charge about 1 o'clock and the jury retired.

A little after 4 o'clock they brought in a verdict of "guilty," on the second Count in the indictment. We heard the evidence in the case and are satisfied the verdict, as the law is on the subject, could not have been different.

He was sentenced to ten years at hard labor in the Penitentiary.

FASHIONABLE MILLINERY.—We are inclined to be astonished some times, at the various forms and shapes into which dainty hands can form a few bits of wire, lace, silk, flowers and ribbon, to look so pretty on the heads of ladies, young and old; each one differing from the other and some one or more of them suited exactly to every face, form, age, feature or complexion.

Such a variety of hats and bonnets can be found at Hester's millinery store on Fayetteville street a little north of Hargett. The stock is large and comprises every article in that branch of business, and purchasers, either by wholesale or retail, could hardly fail to be suited on making an examination.

Ladies who have postponed the purchase of their winter hats, expecting to come to the Fair to make a personal selection, will meet no difficulty in finding something here to suit them, from a plain one dollar article up to a twenty-five dollar one.

MILLS BURNT.—The grist mill of Joseph S. Thompson, near Leasburg, Caswell county, was burned down on Wednesday night of last week, the work of an incendiary.

Mr. John Wagstaff's mill, 12 miles from Leasburg, in the same county, was burned the week before, also the work of an incendiary.

The *Standard* says the Ku Klux organization has been broken up—how about your League, barn-burning organizations, Mr. Ashley? Are they not still engaged in carrying out the recommendations contained in the Radical Legislative Address of 1868? Don't you think your party ought to stop this sort of thing now, and not be allowed by the Governor and local officials to continue burning, killing and destroying as they are doing in Robeson, Caswell and other counties?

THE UTLEY PRESS.—We mentioned a day or two ago that the Utley Cotton Presses, manufactured by Mr. T. H. Briggs of this city, were being taken off rapidly to the country by the farmers. We have since been informed that so great is the demand for them that Mr. Briggs will be obliged to augment his force of mechanics considerably to keep up with it, and that Mr. Utley will find it necessary to establish several large factories in the South to meet the demands for these popular presses.

WHERE'S BARNUM?—Not Phineas T. but Frank, who used to be connected with the *Live Giraffe*. Billy Smith will remember him, no doubt, in connection with free passes over the North Carolina Railroad. Well, we got hold of the Brownville *Daily Democrat*, yesterday, published in Brownville, Nebraska, in which the editor acknowledges his indebtedness to Frank Barnum for some interesting letters written for his paper from Omaha City. We expect to hear of him next at Salt Lake City, reconstructing Brigham Young and the Church of the latter day saints.

OTHER SPECIAL PREMIUMS.—Dr. D. M. Buie of Wilmington, the manufacturer of the Cotton, Wheat and Tobacco Fertilizer, authorizes the Executive Committee to offer a special premium of 1,000 lbs. of the Fertilizer, for the best bale of Sea Island or Long Staple Cotton grown in the State.—Should there be no competition on this class, the offer is then to the best bale of Short Staple Cotton.

This is comparatively a new fertilizer, and the Dr. says in regard to it, that it contains as much ammonia as the best Peruvian Guano.

Another party authorizes the special premium of a Gold Medal for the best Sewing Machine on exhibition.

JUDGE CLARKE.—The Goldsboro' *Messenger* speaks favorably of Judge Clarke's *debut* at Goldsboro'. It says that more business has been done in one week by him than was done by Judge Thomas in two weeks, heretofore. This is much better than girding on "my sword," as Colonel in Holden's melish.

Systems Run Down.

Persons often allow their systems to "run down," or rather run them down by over-work, accompanied by a neglect of the proper means of invigoration. The result is what is called "GENERAL DEBILITY;" in other words, a failure and partial collapse of the physical forces; accompanied, usually, by great depression of spirits.

The best remedy in such cases is Hostetter's Stomach Bitters. Whether the state of exhaustion has been brought on by excessive physical labor, dissipation, anxiety of mind, exposure, or any other cause, the remedial effect of this great stomachic will be found equally prompt and certain. As a restorative, after severe sickness has prostrated the bodily and mental energies, it is pronounced, by competent medical authority, "THE BEST TONIC IN USE." If men were not foolishly careless about their health, and over confident in themselves, they would always, when engaged in any work that required great exertion, use corresponding means of sustaining their strength. For this purpose Hostetter's Bitters are invaluable. All toilers should use them as an invigorant.

For those constantly employed in in-door occupations, especially in crowded workshops, they may be reckoned as the very best safeguard of health. Where there is a predisposition to constipation, or a tendency to biliousness, they may be truly said to be a specific for which there is no substitute.

DIED,

At his residence in Nash county, of typhoid fever, on the 26th ult., W. W. BODDIE, Esq., in the 50th year of his age.

The death of this excellent man creates a vacuum in the community not easily filled. His quaintness and ash only, his sterling integrity, his kind and obliging disposition, and his greatly prized hospitality, for many years one of the most useful and highly esteemed citizens of the county. Yielding to the earnest entreaties of his friends, much against his own choice, he consented to serve in the lower House of the General Assembly, where his sound judgment and discretion made him much esteemed. As a good neighbor and christian he stood pre-eminent, he strove to be useful in all his relations.

He had been for many years a leading member of the M. E. Church, South, in his county, and in this regard his loss will be seriously felt. Of feeble health he labored to be prepared for death, and when it came he was ready. His end was peaceful and triumphant. He leaves six children and many friends, who mourn their loss, but they sorrow in strong hope. "Let me die the death of the righteous, and let my last end be like his." P.

In Caswell county, at the residence of Mrs. Lucy Post, of consumption, on Tuesday, 13th September, Miss MARGARET DAY, aged 33 years. She was loved by her neighbors for her good and amiable deportment.

Died on the 3rd of October, at his residence in Maury county, Tennessee, Gen. LUCIUS J. POLK.

TOURS, Oct 12.—Messengers who were sent to Orleans yesterday, where the battle was fought, have returned. They make the following report: "The French were in much smaller force than the Prussians and were literally crushed by their superior artillery and were driven into the suburbs of the town. Some barricades had been erected there, and our forces took advantage of the shelter they afforded. The Papal Zouaves and Mobiles behaved there courageously, but the regular troops fled on the first fire. Some of the regular troops made much resistance, many threw away their arms in their flight. The Prussians opened fire on the town of no French defeat, and owing to the barricades many fires have occurred. The railway depot was destroyed and many other large establishments.

"The people of Lyons were flying in all directions.

"A cable load last night the Prussians had pushed on to Bringeau and Wenny, beyond Orleans. It is feared that the Papal Zouaves will be surrounded and captured. Other French troops in that neighborhood are in good position and heavy reinforcements were sent forward to them during the night.

It is reported that several heavy guns have been got forward from Bourges. The French troops at Beaugency and Meung are excellent. They are composed chiefly of National Guard and Mobiles, and are determined to resist to the last. In view of the emergency of the case, Garibaldi left Tours this morning for the field. There is a great movement here of the Francs-tireurs. Troops of all kinds are rushing to the front with all dispatch.

The government has repeated its determination to retaliate for Prussian atrocities upon the individual authorities of Abbis, who were executed. An equal number of Prussian prisoners will be shot.

The government is satisfied of the good faith of Burnside. Five flame pieces, with the emblem of the Republic, are circulating.

The Ministry have the following by a courier, who brought the intelligence, and who was allowed to pass through the Prussian lines: There was a battle on the 7th inst., between Fort Issy and Versailles and St. Cloust, on the west side of Paris. The Fr ench under General Ducrot, made a sortie in force, and the Prussians were completely defeated and driven to Versailles, entirely surrendering the positions hitherto occupied by them, and from which they might have sheltered the western part of Paris.

Advices from various parts of France, confirm Prussian outrages upon the helpless people and towns. Successes by the France-tireurs, is followed by the burning of villages. In view of the frightful state of affairs the Tours government has presented the subject to the Prussian military authorities and Ambassadors of neutral Powers.

CHATELEAUDUN, Oct. 12.—The enemy was beaten back at Droux.

MONCEUIL, Oct. 11.—Midnight. The enemies scouts retreated before the approach of the France-Tireur's and Mobiles.

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 50 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 8 cents a yard; want you look at them at 10 cents? and can't you afford to buy them at 12½c.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and to you that do know, come right along and buy what you want. There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed a-long
The listning winds received the song.
COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $2.00! Do you want them cheaper? same quality. Cast and them! Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, any way; they keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; Styles right; and did you know that Creech's is the place to buy hats right? Come and look.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $1,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December 1, 1869, was $32,601,340.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to its ambition to increase the nominal amount of the business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000 000

in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of the reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of *several hundred policyholders* in this State, which fact must establish the better stability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "*Fictitious Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.
